

A & L LABORATORY INC.

DIRECTIONS FOR SAMPLING

1

Sampling from a water tap:

Remove screens from faucet [or use a faucet without a screen such as your bathtub faucet]
Let the water run prior to sampling

Well In Use - run water approximately 5 minutes

New Well - run water approximately 30 minutes

Well Not In Use - run water approximately 2 hours

2

Fill Containers:

Fill both containers, leaving only a SMALL air space, so sample can be shaken at the lab.
To prevent contamination ~ DO NOT TOUCH THE INSIDE OF THE LID OR CONTAINER.
Please check the lids to make sure that they are on STRAIGHT and TIGHT.

3

Information Sheet:

Fill out the information sheet completely and legibly, sign the bottom.

Samples will NOT be tested if:

- ✗ It is more than 30 hours old when received.
- ✗ You do not provide a collection date and time.
- ✗ We detect a chlorine odor.

Delivery:

4

Hand deliver your sample to 3100 Hotel Road Auburn, Maine 04211 (see directions below)

All samples hand delivered to the laboratory MUST arrive on ice to maintain proper temperatures.

OR

Mail your sample using the padded envelope that you received the test kit in.

Attach the Laboratory's address label to the outside of the envelope.

For proper delivery bring your sample inside a post office and mail it FIRST CLASS . This should be done well in advance of the post office closing to ensure that the sample goes out in that day's mail. First Class postage should cost approximately \$3.00-\$4.00. USPS Accepts Cash, Checks, Credit and Debit Cards.
